

Dear Parents,

Wednesday 6th March 2019

Re: National Science Week

Week beginning 11th March is National Science week and we will be celebrating this at Kelbrook with lots of exciting activities.

The school council will be running a science shop and gadgets will be available to buy at breaktime throughout the week starting on Monday 11th March. Prices range from 50p to £2.50 and the toys will be carefully selected so they are suitable for each age group.

Every day the teachers will be organising an activity for the children and there is the opportunity for parents to participate in one of the activities. If you would like to join in with your child's class activity please fill in the slip below so the teachers can organise the groups, resources etc. If you would like to attend, please be at school by 3pm on the day of the activity.

Some of our activities are linked to reducing the amount of plastic that we use and we are having a whole school challenge for the children to complete at home. How creative can you be in re-using your plastic bottles? The entries need to be in school by Friday 15th March and there will be science prizes for the winners. Look on the reverse of this letter for ideas.

Kind Regards

Mrs Townson

Monday 3.00 pm	Tuesday 3.00 pm	Wednesday 3.00 pm	Thursday 3.00pm
Class 2	Class 1	Class 4	Class 3

Child's name	Class	I will joining in with the class activity (please tick below)
